John Doe

Software Engineer | Full Stack Developer | AI Enthusiast

■ San Francisco Bay Area, CA • john.doe@example.com

About

Passionate software engineer with 5+ years of experience building scalable web applications and cloud-based solutions. Specialized in full-stack development with expertise in Python, JavaScript, and modern frameworks. Strong background in AI/ML integration and cloud architecture. Always eager to learn new technologies and contribute to innovative projects.

Experience

Senior Software Engineer

Tech Company Inc. • Full-time

Jan 2021 - Present • 3 years 10 months

• Led development of microservices architecture serving 1M+ daily active users • Designed and implemented RESTful APIs using Python/FastAPI and Node.js • Collaborated with cross-functional teams to deliver features on time and within budget • Mentored junior developers and conducted code reviews • Improved system performance by 40% through optimization and caching strategies

Software Engineer

StartupXYZ • Full-time

Jun 2019 - Dec 2020 • 1 year 7 months

• Developed and maintained web applications using React, Node.js, and PostgreSQL • Implemented CI/CD pipelines using Docker and AWS services • Participated in agile development processes and sprint planning • Fixed critical bugs and improved application stability

Junior Developer

Web Solutions LLC • Full-time

Jul 2018 - May 2019 • 11 months

• Built responsive web interfaces using HTML, CSS, and JavaScript • Assisted in backend development using Python and Django • Learned best practices in software development and version

control

Education

Bachelor of Science in Computer Science

University of California, Berkeley

2014 - 2018

Relevant coursework: Data Structures, Algorithms, Database Systems, Software Engineering, Machine Learning, Distributed Systems

Skills

Programming Languages	Python • JavaScript • TypeScript • Java • Go
Frameworks & Libraries	React • Node.js • FastAPI • Django • Express.js
Databases	PostgreSQL • MongoDB • Redis • MySQL
Cloud & DevOps	AWS • Docker • Kubernetes • CI/CD • Terraform
Tools & Technologies	Git • Linux • REST APIs • GraphQL • Microservices

Licenses & Certifications

AWS Certified Solutions Architect - Associate

Amazon Web Services (AWS)

Issued Jan 2022 • Credential ID: ABC123XYZ

Certified Kubernetes Administrator (CKA)

Cloud Native Computing Foundation

Issued Jun 2021 • Credential ID: CKA-2021-XXXXX

Languages

English - Native or bilingual proficiency
Spanish - Professional working proficiency
French - Elementary proficiency
